

LED Swing Gate Safety Light Systems

The UNIVERSAL Solution to Safety Lighting for Gates

Every Gate Should be Lighted for Safety!

Make your entrance safer than ever when you attach our brightly colored LED safety lights to your swing gates. Our industrial-grade LEDs can be red when closed, flashing red or amber while moving, and green when fully open. Increases gate visibility for drivers, bicyclists and pedestrians, especially at night!

Highlights:

- Heavy duty aluminum retainer track
- Tough IP68-rated LED light strip
- Versatile, programmable LED controller
- Totally weatherproof and durable
- Easy to install
- Fully supported
